

DESIGN PROJECT SITE UPDATE

Last Updated: November 3, 2010

Project Name: Cota Street Bridge Over Mission Creek Replacement Project

Contact Information:

City Project Engineer: Lisa Arroyo
Phone: (805) 564-5486
E-mail: LArroyo@SantaBarbaraCA.gov

Project Description:

The bridge is located on Cota Street between Bath and De La Vina Streets. The project will involve replacement of the existing structurally deficient bridge with a new structure which will also improve hydraulic conveyance of Mission Creek as discussed in the Army Corps of Engineers, Lower Mission Creek EIR/EIS.

Project Progress:

Caltrans has reviewed the City's request for funding of this structurally deficient bridge. Funding was approved and has been earmarked in Caltrans's HBP Project Summary Report. The City has received authorization for design of this project. An RFQ for design has been circulated and the City is in negotiations with the top ranked consultant. Design is scheduled to begin February 2010 and last approximately twenty-four months. Pending design, right of way, and construction funding authorizations, this project is scheduled to go out to construction Summer 2012.

Current Schedule:

Estimated start of construction: Summer 2012
Duration of construction: 14 months

Estimated Construction Cost: \$4,300,000
